

# Snap Fastener Mechanical Duct Plugs

*A duct sealing system that protects telecommunications plant investment from water, fire, toxic gases, ice, rodents, smoke, mud and debris.*

*The service life of cable, splices and manhole hardware can be increased when contact with hazardous materials is reduced. Snap Fastener Duct Plugs expand to fill and seal unused duct entering manholes and other types of telecom structures.*

### Features

- Single piece design.
- Quick and easy installation.
- May be re-entered and reused.
- No special tools required for installation.
- No metal parts to corrode or degrade over time.
- No loose parts.

### Applications/Sizes

- May be used to seal all duct entering telecom facilities.
